

# SUDAN/ DARFUR: Canada must not look away.

Sudan.PeaceNetwork.ca

Dear Prime Minister,

Canada must do more to end the violence in Darfur and in South Sudan. We can help to get peacekeepers the equipment they need, to provide humanitarian relief and to promote peace for all the people of Sudan. Please make peace in Sudan a higher priority.

### Thank you for participating in the postcard campaign!

You can print these postcards on regular paper, or on thicker paper if you prefer.

There are TWO WAYS to send completed postcards:

1. Put a stamp in the corner of each card and mail the cards individually.  
(Even cards printed on regular paper can be sent individually, though it's even better to use an envelope.)
- OR 2. Collect a bunch of postcards and mail them all together in one envelope. (This saves a lot of stamps!)
